# Cannabis Paste

CBD

## Properties

**Cannabis Paste** contains cannabidiol (CBD), a natural substance found in hemp, which has a wide range of activities: helps in the fight against cancer, epilepsy, relieves pain, reduces stress, has a positive effect on the nervous system, digestive, circulatory, increases immunity, improves physical condition. Its positive properties are supplemented with beta glucans, unsaturated fatty acids omega-6 and omega-3, natural antioxidants, pyridoxine and cholecalciferol.

## Instructions for use

dogs and cats: 2 cm (0.6 g) of the paste per 5 kg body weight twice a day

## Packaging

100 g

## Composition per 1 kg

10% CBD oil	33 300 mg
Beta-1,3/1,6-glucan	40 000 mg
Vitamin D <sub>3</sub>	80 000 IU
Vitamin C	4 200 mg
Vitamin E	2 500 mg
Vitamin B <sub>6</sub>	1 700 mg

borage oil, hemp extract (Cannabis sativa L.), brewer's yeast, lecithin

**Analytical constituents:** Crude protein 4,3%, Oils and fats crude oils and fats 37%, Crude ash 1,1%, Crude fibre 1,7%

# Energy Paste

ENERGY, SHAPE

## Properties

**Energy Paste** is a formula for dogs and cats recommended during recovery after surgeries, diseases, long-term stress. It is used in order to bring back fitness, vitality and health of animals. The product ingredients make it easier to achieve and maintain and maintain good condition.

## Instructions for use

cats and small dogs: 3 g daily  
medium dogs: 6 g daily  
large dogs: 12 g daily  
1 tea spoon = 6 g

If necessary, the quantities can be doubled.

## Packaging

100 g

## Composition per 1 kg

Vitamin A	200 000 IU
Vitamin D <sub>3</sub>	10 000 IU
Vitamin E	2 500 mg
Vitamin C	10 000 mg
Biotin	60 000 µg
Taurin	5 000 mg
Iron	110 mg
Iodine	90 mg

soybean oil, coconut oil, whey powder, lecithin, fish oil  
Analytical constituents: Crude protein 6,5%, Oils and fats crude 54%, Crude ash 0,4%, Crude fibre 0,5%

# Arthro Paste

## SUPPORTING JOINT METABOLISM IN OSTEOARTHRITIS

### Properties

**Arthro Paste** is a formula for dogs and cats that supports joint metabolism in the case of osteoarthritis. It contains hyaluronic acid, type II collagen, chondroitin, glucosamine - components of cartilage and synovial fluid - as well as Boswellia serrata extract and vitamins C and E - natural antioxidants.

### Instructions for use

cats and small dogs: 1-2 g daily  
medium dogs: 2-4 g daily  
large dogs: 4-5 g daily  
1 tea spoon = 5 g

Recommended duration of use - initially up to 3 months.  
It is recommended to consult a veterinarian before using or extending the period of use

### Packaging

100 g

### Composition per 5 g

Glucosamine sulfate	600 mg
Chondroitin sulfate	300 mg
Hydrolyzed collagen type II	200 mg
Hyaluronic acid	40 mg
Vitamin C	50 mg
Vitamin E	10 mg
Manganese	1,15 mg
L-Methionine	50 mg

fish oil, lecithin, brewer's yeast, plant processing products

Plant extract: Boswellia serrata extract

**Analytical constituents in 5 g:** Crude protein 9%, Crude oils and fats 33%, Crude ash 0,5%, Crude fibre 0,4%, Omega-3 fatty acids 1 000 mg, Eicosapentaenoic acid (EPA) 30 mg, Docosahexaenoic acid (DHA) 20 mg, Vitamin E 10 mg, Methionine 52 mg, Manganese 1,15 mg

# UrinaryMet® Paste

## URINARY ACIDITY REGULATOR

### Properties

**UrinaryMet Paste** is a formula for dogs and cats containing substances with urine-acidifying properties that help maintain normal urinary tract function. The product can be used in dogs and cats suffering from recurring lower urinary tract problems.

### Instructions for use

cats and small dogs: 1-2 g daily  
medium dogs: 4 g daily  
large dogs: 6 g daily  
1 tea spoon = 6 g

Administer with a meal.

### Packaging

100 g

### Composition per 1 kg

L-Methionine	252 g
--------------	-------

soybean oil, brewer's yeast, plant processing products: cranberry extract, lecithin, fish oil

Analytical constituents: Crude protein 9%, Crude oils and fats 32%, Crude ash 1%, Crude fibre 0.1%

Content and type of urine acidifying substances:  
L-Methionine 25%, Cranberry Extract 6%

# ChitoFos® Paste

## SUPPORT OF RENAL FUNCTION

### Properties

**ChitoFos Paste** is a formula for dogs and cats, whose ingredients support renal function. Chitosan - a building component of marine crustaceans, removes harmful substances (uremic toxins) from the body. Calcium carbonate binds phosphorus, forming insoluble phosphate salts and reducing phosphorus excess in the body.

### Instructions for use

1 tea spoon = 6 g per 20 kg of body weight per day

The amount can be divided into 2 portions by administering twice daily. Administer with a meal.

### Packaging

50 g

### Composition per 1 kg

Chitosan	106 000 mg
----------	------------

soybean oil, lecithin, calcium carbonate, brewer's yeast

**Analytical constituents:** Crude protein 3%, Crude fibre 0,2%, Crude oils and fats 35%, Crude ash 35%, Calcium 5%

# Omega Biotin Paste

HEALTHY SKIN AND SHINY COAT

## Properties

**Omega Biotin Paste** is a formula for dogs and cats that supports skin function in cases of dermatosis and hair loss.

## Instructions for use

cats and small dogs: 1-2 g daily  
medium dogs: 3-4 g daily  
large dogs: 5-6 g daily  
1 tea spoon = 6 g

Recommended period of administration: up to 2 months.  
It is recommended to seek veterinary advice before use.

## Packaging

100 g

## Composition per 1 kg

Biotin	217 000 µg
Gamma-linolenic acid (GLA)	18 000 mg
Linoleic acid (LA)	254 000 mg
Eicosapentaenoic acid (EPA)	5 400 mg
Docosahexaenoic acid (DHA)	3 600 mg
Alpha-linolenic acid (ALA)	41 000 mg
Tocopherol extracts from vegetable oils	

Vitamin A 2000 IU, Vitamin E (DL  $\alpha$ -Tocopherol) 1000 mg, Vitamin B<sub>1</sub> 2 mg, Vitamin B<sub>2</sub> 2,6 mg, Niacin 71 mg, Pantothenic acid 67,4 mg, Vitamin B<sub>5</sub> 4,5 mg, Folic acid 2,8 mg, Vitamin B<sub>12</sub> 10 µg, Vitamin C 1 000 mg, Choline chloride 450 mg, Zinc chelate 1 667 mg, Selenium 3,33 mg, L-Methionine 3 g, Silicon 1,6 g, Sulphur 1 g

borage oil, brewer's yeast, lecithin, fish oil, linseed oil  
**Analytical constituents:** Crude protein 6,3%, Crude oils and fats 33%, Crude ash 0,8%, Crude fibre 1,1%

# ImmunoDol® Paste

## IMMUNE SUPPORT

### Properties

**ImmunoDol Paste** is a formula for dogs and cats, containing natural ingredients such as Beta-1,3/1,6-glucan, nigella sativa, rosehip (*Rosa canina* L.) and fish oil, which support the immune system.

The ingredients of the product increase immunity and strengthen the organism.

### Instructions for use

cats and small dogs: 1-2 g daily

medium dogs: 2-3 g daily

large dogs: 4-5 g daily

1 tea spoon = 5 g

### Packaging

100 g

### Composition per 1 kg

Beta-1,3/1,6-glucan	40 000 mg
Gamma-linolenic acid (GLA)	6 000 mg
Linoleic acid (LA)	17 300 mg
Eicosapentaenoic acid (EPA)	1 800 mg
Docosahexaenoic acid (DHA)	1 200 mg
Alpha-linolenic acid (ALA)	35 000 mg

brewer's yeast, lecithin, borage oil, fish oil, plant processing products: *Nigella sativa*, *Rosa canina* L.

**Analytical constituents:** Crude protein 8,3%, Crude oils and fats 40%, Crude ash 0,6%, Crude fibre 0,4%

# AmylaDol® Paste

## DIGESTIVE ENZYMES

### Properties

**AmylaDol Paste** is a formula for dogs and cats containing natural digestive enzymes. The product supports digestion.

### Instructions for use

cats and small dogs: 1-2 g daily  
medium dogs: 4 g daily  
large dogs: 6 g daily  
1 tea spoon = 6 g

Administer before a meal.

### Packaging

50 g

### Composition per 1 kg

Amylase	6 800 000 Ph.Eur.U.
Lipase	4 700 000 Ph.Eur.U.
Protease	480 000 Ph.Eur.U.

soybean oil, lecithin, brewer's yeast

**Analytical constituents:** Crude protein 3,2%, Crude oils and fats 35%, Crude ash 0,4%, Crude fibre 0,2%

# HepaDol® Paste

## LIVER PROTECTION AND REGENERATION

### Properties

**HepaDol Paste** is a formula for dogs and cats aimed to support hepatic function. It contains a composition of ingredients which play important in maintaining proper liver functioning. Ornithine and Arginine are amino acids essential for urea synthesis in the ornithine cycle. Taurine protects the liver from fibrosis. Milk thistle (Silybum marianum) protects liver cells from toxic agents Phospholipids are involved in the digestion fat digestion and absorption of fat soluble vitamins. The formula supplements the level of B vitamins in organism.

### Instructions for use

cats and small dogs: 1-2 g daily  
medium dogs: 4 g daily  
large dogs: 6 g daily  
1 tea spoon = 6 g

Administer with a meal.

### Packaging

50 g

### Composition per 1 kg

Ornithine (in the form of L-ornithine L-aspartate)	75 000 mg
Phospholipids	100 000 mg
Silymarin	10 000 mg
Taurine	50 000 mg
L-Arginine	50 000 mg
Milk Thistle Extract	12 500 mg
Vitamin B <sub>1</sub>	25 mg
Vitamin B <sub>2</sub>	63 mg
Vitamin B <sub>6</sub>	25 mg
Vitamin B <sub>12</sub>	500 µg
Niacin	350 mg
Pantothenic acid	250 mg
Folic acid	10,5 mg
Biotin	10 000 µg
Betaine	25 000 mg
Choline chloride	510 mg

soybean oil, lecithin, brewer's yeast

**Analytical constituents:** Crude protein 3,2%, Crude fibre 0,1%, Crude oils and fats 38%, Crude ash 0,8%

# STOPER Paste

## GASTROINTESTINAL DISORDERS

### Properties

**STOPER Paste** is a formula for dogs and cats that reduces acute intestinal problems. The paste is used in the course of acute **diarrhoea** and in convalescence period.

### Instructions for use

cats and small dogs: 3 g daily  
medium dogs: 6 g daily  
large dogs: 9-12 g daily  
1 tea spoon = 6 g

If necessary, quantities can be doubled.  
It is recommended to consult a veterinarian before use.

### Packaging

50 g

### Composition per 1 kg

Smectite	100 g
Tannin extract of horse chestnut ( <i>Castanea sativa</i> Mill)	

Beta-1,3/1,6-glucan, mannanoligosaccharides (MOS), brewer's yeast, soybean oil, lecithin, fish oil, fructo-oligosaccharides (FOS), Yucca Schidigera extract, pectin, potassium carbonate

Analytical constituents: Crude protein 13.5%, Crude fibre 2.4%, Crude oils and fats 36%, Crude ash 10%, Potassium 0.5%

# Probiotic Paste

## PROBIOTICS AND PREBIOTICS

### Properties

**Probiotic Paste** is a formula for dogs and cats with probiotics and prebiotics supporting correct functioning of the digestive tract. Components of the paste restore natural intestinal flora.

### Instructions for use

Administer 2-4 g twice a day  
1 tea spoon = 6 g

Use: during and after treatment with antibiotics, after deworming, in case of digestive disorders, changes in diet, stress, during travel. Recommended also for young growing animals.

### Packaging

50 g

### Composition per 1 kg

Gut flora stabilizers: Probiotic - 4b 1707  
Enterococcus faecium DSM 10663 NCIMB 10415  
 $1.5 \times 10^{12}$  CFU  
Beta-1,3/1,6-glucan, mannanoligosaccharides (MOS),  
brewer's yeast, soybean oil, lecithin, fish oil, inulin,  
fructo-oligosaccharides (FOS)

Analytical constituents: Crude protein 17%, Crude oils and  
fats 36%, Crude ash 2%, Crude fibre 3%

# Multivital® Cat Paste

VITAMINS, MINERALS, AMINO ACIDS

## Properties

**Multivital Cat Paste** is a set of vitamins, amino acids (including taurine), and mineral compounds for cats of all breeds and ages. Components of the formula guarantee a correct development and functioning of the body, improve cat's shape. Thanks to the formula, cats quickly get great appearance, full strength and joy of life.

## Instructions for use

Administer 2-3 g daily  
1 tea spoon = 6 g

## Packaging

100 g

## Composition per 1 kg

Vitamin A	1 500 000 IU
Vitamin D <sub>3</sub>	76 000 IU
Vitamin E	4 000 mg
Vitamin K <sub>3</sub>	60 mg
Vitamin B <sub>1</sub>	500 mg
Vitamin B <sub>2</sub>	400 mg
Vitamin B <sub>6</sub>	250 mg
Vitamin B <sub>12</sub>	2 500 µg
Biotin	15 000 µg
Niacin	4 000 mg
Pantothenic acid	1 000 mg
Folic acid	50 mg
Choline chloride	450 mg

Iron 2 000 mg, Manganese 3 800 mg, Copper 825 mg, Zinc 8 250 mg, Iodine 90 mg, Selenium 16,5 mg, L-Arginine 1 300 mg, Taurine 100 g, Lysine 3,8 g, Methionine+Cystine 1,3 g, Threonine 2,6 g, Tryptophan 0,5 g  
brewer's yeast, soybean oil, fish oil, lecithin, magnesium lactate, magnesium oxide

**Analytical constituents:** Crude protein 0,8%, Crude oils and fats 16%, Ash 0,1%, Crude fibre 0,1%, Calcium 0,2%, Phosphorus 0,1%, Magnesium 2%, Sodium 0%, Sulphur 0,4%

# LintOff Paste®

## AGAINST FORMATION OF HAIRBALLS

### Properties

**LintOff Paste** is a paste for cats which reduces formation of hairballs in the digestive tract.

### Instructions for use

- to remove existing hairballs: 4-6 cm of paste daily (1 cm = 0,5 g)
- to reduce formation of hairballs: 4-6 cm of paste 2-3 times a week

### Packaging

100 g

### Composition

malt, sugar cane molasses, soybean oil, dextrose monohydrate, fish oil

**Analytical constituents:** Crude protein 2,8%, Crude oils and fats 30%, Crude ash 2%, Crude fibre 0%
